## Secretary's Welcome

*Lorna Williams, BASA Secretary*

**W**elcome to the 2021 edition of the BASA Member's Handbook, where we aim to provide members and other parties with information about the adhesives and sealants industry in the UK and Ireland.

With approximately 100-member companies, BASA is the business association for the adhesive and sealants industry in the UK and Ireland. You will find information about each member company, an overview of the work of the association, an authoritative and practical 'Where to Buy' directory for adhesives, sealants, raw materials and ancillary products, a guide to the industry's Trade Names, Technical Standards, and much more.

Further information about BASA, its members, the Business Directory, plus useful guidance documents and further valuable information, can be found on our website at **[www.basa.uk.com](http://www.basa.uk.com)**

Together, this handbook and website offer specifiers, users and members of the association virtually everything they need to know about the industry and its products.  
*BASA Copyright 2021*

## THE **MAX KOCHMANN** AWARD WINNERS

**This accolade, in memory of one of BASA's founders and former Life President Max Kochmann, is awarded for services to the association by a company or individual.**

<b>Year awarded</b>	<b>Name</b>	<b>Company</b>

2020	James Follows	Apollo Chemicals Ltd

# Chairman's Foreword

*Phillip Lee, BASA Chairman*

## Past Chairmen

Since the creation of BASA, there have been 19 Chairmen:

1983-1984	<i>George P. Hutson National Adhesives &amp; Resins</i>
1985-1986	<i>Max M. Kochmann Pafra Ltd</i>
1987-1988	<i>Colin D. Hall Ralli Bondite</i>
1989-1990	<i>Harry G. Werrell Swift Adhesives</i>
1991-1992	<i>Paul M. Jones Industrial Adhesives</i>
1993-1994	<i>Neil C. MacDonald Evode Ltd</i>
1995-1996	<i>Mike C. Ozier National Starch &amp; Chemical Ltd</i>
1997-1998	<i>Malcolm C. Smith H. B. Fuller (UK) Ltd</i>
1999-2000	<i>Gerald E. Digby Bostik Findley Ltd</i>
2001-2002	<i>Paul C. Armitt Itac Ltd</i>
2003-2004	<i>Paul Dancer Nordson UV Ltd</i>
2004-2006	<i>Will Barclay Geocel Ltd</i>
2006-2007	<i>Guy Davis National Adhesives</i>
2007-2010	<i>Charles Hodgson Hodgson Sealants Ltd</i>
2010-2012	<i>James Igoe F Ball &amp; Co Ltd</i>
2012-2015	<i>Guy Davis Beardow &amp; Adams (Adhesives) Ltd</i>
2015-2018	<i>Mark Louch Mapei (UK) Ltd</i>
2018-2020	<i>Scott Challoner, Wacker Chemicals Ltd</i>
2020-	<i>Phillip Lee, Ace Adhesives Ltd</i>

# BASA Advantage Members

**B**ASA have a number of Member Companies that also offer other Members advantage rates for their services.  
As at 1st January 2020, we have the following offers for Members:

## 4ward Testing

As a Notified Test Laboratory (2538), 4Ward Testing is able to carry out all testing for performance requirements and for CE Marking purposes under the Construction Products Regulation (CPR) for ceramic adhesives, under EN12004-1, and sealants under the EN15651 series of standards.

The laboratory facilities and technical expertise, combined with customer communication focus throughout testing projects, has provided clients with the ideal testing model for over four decades, allowing your business to focus on increasing revenue streams.

4ward Testing is pleased to be able to offer BASA members a 5% discount on test programmes with a value over £1,000 + VAT, until further notice.

4ward Testing has expertise in the following:

- Material Testing and Product Testing to UK and International Standards
- Environmental Testing
- Benchmarking
- CE Marking
- Product Design & Development

**WALLACE HIND**  
Where experience matters

## Wallace Hind

Joining as a member in March 2018, Wallace Hind Selection are an executive retained recruitment consultancy that has an established reputation for successfully recruiting key personnel for major organisations across the UK and Europe. Wallace Hind offer a structured, rigorous and comprehensive route to market that consistently delivers. Their offering includes traditional headhunting, executive search and their bespoke eSearch methodology. Partnering with BASA members, Wallace Hind will dedicate time and expertise to gain an in-depth understanding of your business and your specific needs before undertaking any campaign. This affiliation is a two-way process, giving you the opportunity to question an experienced recruitment professional about your job specification, how to best write adverts, the

- Bespoke Tests and Custom Rigs
- Quality Systems- Serving the Construction, Automotive, Aerospace, Oil and Gas and Manufacturing Industries.

**OAMPS**  
HAZARDOUS INDUSTRIES

most appropriate way to recruit, candidate availability and salary surveys (both geographically and industry specific).

## OAMPS Hazardous Industries

With more than 30 years' experience, OAMPS continues to provide insurance solutions to businesses in the manufacture, blending, supply, import, wholesale and distribution of chemicals.

We always begin by taking the time to gain an insight into how your business operates and all the risks you may be exposed to. That puts us in the best position to evaluate a wide range of insurance policies from leading insurers, then recommend the risk management and insurance plan that best suits you.

**Full details of any offers are posted on the new BASA website [www.basa.uk.com](http://www.basa.uk.com) under Advantage Partners. If any new Advantage Members are added during the 2018/19 subscription year, you will find the details there.**

## BASA Affinity Partners

**B**ASA also works with a number of non-members to provide services and information that may be of interest to members. Full details are available on the website.

### REACHReady

BASA works in partnership with the Chemical Industry Association's REACHReady to offer all BASA Member companies discounted access to their Gold subscription. REACHReady provides a range of support to companies affected by REACH, CLP (Classification, Labelling and Packaging) and the BPR (Biocidal Products Regulation).

There is a specialist Helpdesk that can be used wherever you are in the world to solve your REACH, CLP and BPR questions, and a range of online tools and guidance, tailored consultancy to accelerate your compliance, and the 'Matchmaker' service to match trusted suppliers of REACH, CLP and BPR services to your particular need. All of this is supported by a comprehensive training programme to help you understand everything from the basics to the more technical aspects of regulatory compliance.

### Croner

BASA works with Croner to offer access to Croner's more comprehensive services (over and above the free business telephone helpline) at a 15% discount for BASA Members as a result of the partnership between Croner and BASA. A pdf brochure is available on the BASA website to explain these additional services.

### HMCA

BASA has agreed with HMCA to offer discounted rates for Medical Plans, Dental Plan, Hospital Cash Plans, Personal Accident Plan, Travel Plan, Income Protection and Vehicle Breakdown products. HMCA only offer medical plans to membership groups and can offer up to a 40% discount off the underwriter's standard rates. This is a comprehensive plan which provides generous cash benefits for surgery and other charges. Whatever the size of your company, from one employee to one hundred, HMCA can arrange a competitive tailored plan to suit your needs that can also include family and dependents. Call the dedicated company plan team on 01423 799942 or visit the website here: <https://www.hmca.co.uk/basa>.

### BEB Contract & Legal Services

BEB are passionate about protecting businesses with bespoke, robust terms and conditions and contracts, and that's why they have partnered with BASA to offer 10% their Bronze, Silver and Gold packages. This means could get a fully bespoke set of terms and conditions for just £359.10 + VAT. They also specialize in sub-contractor agreements, GDPR and privacy policies, manufacturing agreements, distribution agreements and much more. If you find yourself signing contracts that you don't really understand, BEB offer a unique contract review service where we can check and confirm whether the contract you have been sent protect you fully, are clear and unambiguous or contain clauses that could be risky for your business. With the UK leaving the EU we expect that some BASA members may need a little more assistance in this area.

# Benefiting Members

**Driven by the diverse expertise of its members and consultants, BASA remains one of the most active technical adhesives and sealants associations across Europe.**

**B**ASA collates relevant information and advice on the importance of regulations and standards for the adhesives and sealants industry in the UK and Ireland, and this is underpinned by an extremely active technical programme.

BASA membership therefore continues to provide high value and contributes to business performance. It's little wonder therefore that membership is currently enjoyed by more than 100 UK and Irish companies.

BASA is also structured in such a way as to deliver maximum payback to its membership. It maintains five active working groups, all focused on keeping members updated about regulatory issues, and providing comment, evidence and information to governments and standards organisations.

Moreover, every year more than 600 staff and guests from member companies participate in BASA activities and more than half the membership are involved with our working parties.

## **Keeping abreast of regulatory issues**

Anyone operating in our industry will be only too aware of how the pace of regulatory change is now moving so rapidly – and even more so after the decision to exit the EU.

As exiting regulations become ever more demanding, Government is also beginning to regulate in new areas that can have a wide impact. The upside is that BASA now serves as the accepted voice of the industry in the UK and Ireland. We retain strong links with government,

industry, standards organisations such as BSI, CEN, ISO, as well as other associations across the UK and Europe. We are also one of the leading national adhesive associations in Europe, contributing and putting the industry view to the European Commission, Council and Parliament via our affiliate: FEICA. Effectively, BASA gives our members a powerful voice when engaging with the decision makers.

## **Networking opportunities each year include:**

- Annual General Meeting
- Annual Industry Lunch, with topical Industry Speakers after the AGM
- Free Open Industry Forums for Members
- Training days throughout the year
- At least 12 working group meetings during the year
- Sports day in June

- Other popular business/social networking days
- Annual Dinner dance in November each year.

Each event offers opportunities for sponsorship by both members and non-members.

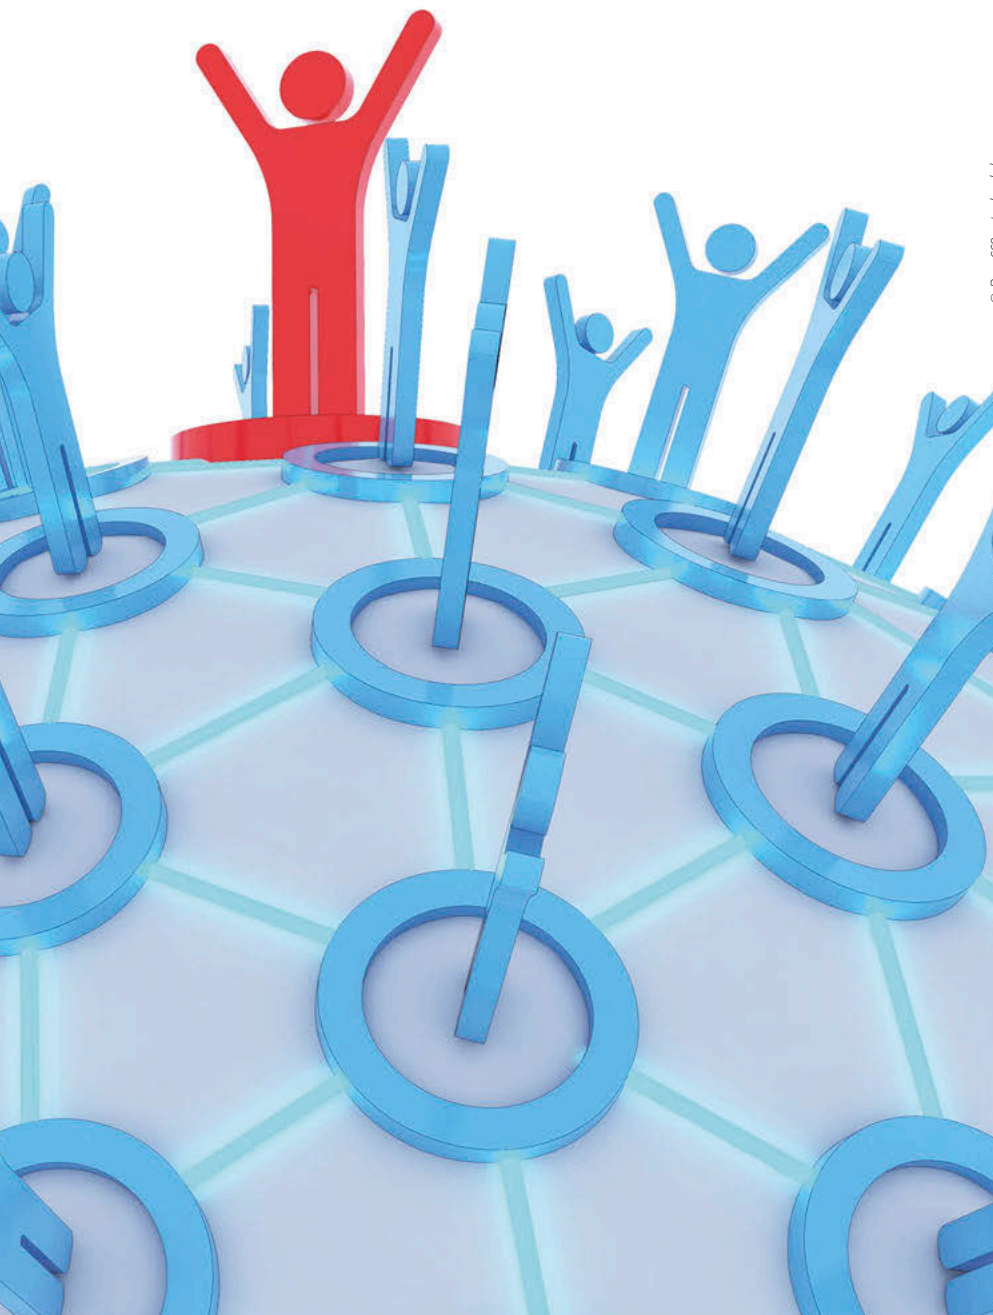

## **BASA Website**

Backing all of this up is the Members' Area of the BASA website, which contains a vast repository of useful information, including minutes and reports from BASA working groups, updates about industry standards, guides about new regulations, industry statements about topical issues of concern and news of BASA events and activities.

It includes free access to our European affiliate association FEICA, with news about regulatory affairs from

© Pom669 - stockadobe.com

member receiving a free company profile and listing in the comprehensive Buyers Guide section and lower cost advertising opportunities. Non-members are required to pay full rates to advertise in this book.

### **Business Services**

We offer a wide array of business services to meet our members' diverse requirements, including:

- The BASA Business Support Helpline, managed by Croner Consulting, offers members free information on a range of legal and employment matters
- Free access to two web-based Regulatory Helplines, also managed by Croner Consulting: Croner*i* Health and Safety Expert and Croner*i* Hazardous Substances
- BASA members enjoy special discounts with a number of external providers, including REACHReady – a telephone and web-based help desk to answer companies' questions as they move towards compliance with REACH; and 24-7 Responder for those members needing 24-hour emergency telephone cover for their products
- Privilege discounts on products and services from BASA's Advantage Members
- Through BASA membership, we provide access to the services of the Construction Products Association, including industry market data (that means you enjoy the privileges of CPA membership, without the subscription fees)
- Go to the BASA website to find out current offers and services for Member companies

### **Representation across Europe**

BASA is a leading member of FEICA – the Brussels-based association representing national adhesive and sealant associations, and larger multi-national adhesive, sealant and raw material producers.

We work closely with both FEICA and the other national associations to promote UK interests on the many European public affairs issues, including EU directives and regulations. As a BASA member, you also have free access to all FEICA services, including discounts to attend the European Adhesives Conference each September, free attendance at selected seminars and substantial discounts on a number of key market reports.

Along with the wide spectrum of benefits covered here, BASA is constantly striving to discover new ways to enrich your membership, because our members are the source of all that we do, in order to better our industry.

Brussels and across Europe, and a vast directory of external websites.

For international companies, we encourage their overseas staff to subscribe to the website and register to receive notices and reports of interest, and contribute to the technical discussions within the association.

We have retained a traditional hard-copy BASA Bulletin, which is published for the open industry forums, summarising the current work of the association and updating members on relevant legislation, and the affairs of the association. These are all key services designed specifically to help to ensure our members' continuing success. We also regularly publish electronic news updates and members stories via our BASA members website.

Importantly, the majority of our events are held within 30 minutes of an

international airport, allowing overseas participants to visit within a day, as networking is regarded as a key benefit of membership among many members. That's why we offer a combination of business, technical and social events throughout the year.

### **Promote your business**

The BASA website is a major portal for our industry – and a unique free advertising opportunity for your company and products. Every month, it receives more than 1,000 visitors, while half our member companies come to our site for information they need. Importantly, members manage their own listings and information driving the Directory, making it easy to keep themselves fully up to date.

Each year, we also publish and circulate this, the BASA Handbook, with every single

## Working and Task Groups

BASA's working and task groups cover a wide range of technical, standards and regulatory issues. Experts from member companies, supported by consultants where required, are tasked with the work of each group on behalf of the membership. Minutes and reports and any other guides and publications are available to members via the website: [www.basa.uk.com](http://www.basa.uk.com)

As at the 31st December 2019 we have 5 active working groups and three technical task groups: Poison Centres, Polymers and the Construction Products Regulation (EU)

### Building Adhesives & Construction Products Working Group

The BACWG represents members who supply construction adhesives and floor preparation compounds to the DIY, building and construction industry, including adhesives and grouts for ceramic tiles, floor and wall covering adhesives, bonding agents and levelling compounds, adhesives for woodworking, joinery and furniture assembly, with input into the BSI Mirror Committee.

### Health and Safety Working Group

The BASA Health & Safety Working Group aims to inform the membership about forthcoming changes to legislation related to the supply and transport of dangerous goods, as well as general occupational Health & Safety legislation.

### Environment & Sustainability Working Group

The scope of BASA's Environment Working Group includes reviewing proposed legislative changes and responding on behalf of BASA to regulators, government and NGO's.

### Packaging Adhesives Working Group

BASA's Packaging Adhesives working group is responsible for liaison with FEICA regarding food packaging related regulation and for coordinating any UK position or feedback on migration issues and European Regulation of food contact adhesives.

### Sealants Working Group

The Sealants working group informs members about current issues related to sealants, including legislation, standardization and market trends. The group will also ensure that our UK members industry point of view is communicated within Europe through FEICA and will actively represent the UK sealants industry interests on National, European and International technical committees in relation to product standardisation and specific legislative issues relating to sealants.

### Poison Centres Task Group

This project group has been set up to inform members about their obligations under the article 45 of the CLP relating to Poison Centres.

### Polymers Task Group

This virtual group has been set up to mirror the FEICA TTF which is looking at the European Commission project on how polymers of concern could be identified and registered under REACH. Please follow this group as we post documents and information as it arises.

### CPR Task Group

This virtual Project Group page is used to collate all updates to the Construction Products Regulation and any information relating to the UK's EU exit and its likely affects.

# Triple Payback from Croner

Three Helplines from Croner are included with your BASA Membership. Moreover, these valuable services are worth hundreds of pounds per year in saved company subscriptions to Croner. In today's challenging climate, it's more important than ever for employers to protect and develop their business in a legally compliant way.

## Membership Benefits

As part of your association membership, you have access to free advice, seminars and webinars from our trusted partner, Croner.

You don't need to hire a solicitor for employment law advice, or employ a health & safety consultant to tighten up your policies and procedures.

Simply call **0844 561 8133** and quote **83324** to access:

### 24/7 HR & Employment Law Advice

- ✓ Conduct queries
- ✓ Sickness & absence
- ✓ Redundancy
- ✓ Dismissal
- ✓ Legislation changes
- ✓ Contracts

### Health & Safety Assistance

- ✓ Fire safety
- ✓ Environmental legislation
- ✓ Hazard management
- ✓ Accident reporting
- ✓ Premises management
- ✓ The law and your responsibilities

### Commercial Legal support

- ✓ GDPR
- ✓ Data protection
- ✓ Commercial contracts
- ✓ Insolvency
- ✓ Property

### Tax Matters

- ✓ Free protection
- ✓ Tax and VAT consultancy
- ✓ Compliance checks
- ✓ Status

### Free Business Seminars

- ✓ Regional employment law updates and events held across the UK for members

### Free Monthly Webinars

- ✓ Presented by industry experts covering a range of important topics and FAQs

1. Getting the right advice and information is important, which is why BASA offers access to the Croner Business Support Helpline as a benefit of your membership subscription.

2. Croner-i Health & Safety has been designed to suit any business with health & safety needs, whether you're looking for general information, training materials, or want to inform a long-term strategy.

3. Croner-i Hazardous Substances is updated daily, with weekly e-alerts that highlight the latest news and new content. You can be certain that what you're reading is fully up-to-date with the current best practice and regulatory standards.

## Additional Services

Through your membership, you're able to access these market-leading services at preferential rates:

### HR Software

An award-winning system to help you record, monitor and easily manage your people data and HR tasks

### Health & Safety Software

A pioneering management tool to help you meet safety laws and maintain the essential standards

### Tribunal Support

Full tribunal representation, backed by qualified and experienced specialists

### Croner Face2Face

On-site and in-person support and guidance through challenging HR meetings

### SafeCheck

A two-part site visit to identify your workplace risks and provide a recommended action plan

### Insurance

A legal insurance policy to protect you, cover costs, and provide peace of mind in the event of a claim

## Alpha Adhesives & Sealants Ltd

### Address:

Llewellyn Close, Sandy Lane Industrial Estate, Stourport-on-Severn, Worcestershire, DY13 9RH

**Tel:** 01299 828626

**Fax:** 01299 828666

**Email:** sales@alpha-adhesives.co.uk

**Year of Formation:** 1987

**Number of UK & Ireland Employees:** 11-100

**Member Type:** Adhesive / Sealant / Formulated Product Suppliers

### Principal Trade Names:

Alpha Trimspray, Thixofix, Thixofix Eco, Ecofix, Alphafix

### Accreditations:

BSI Kitemark, ISO 9001

### Company Profile:

Alpha Adhesives & Sealants Limited was established in 1987, with the aim of providing

quality adhesives, sealants and coatings. During the ensuing years Alpha developed its business across a wide customer base to include Automotive, Marine, Construction, Aerospace, Civil Engineering, Military and general industry. The quality of Alpha products together with the 'Can Do' approach by the highly experienced management and Technical team have been key factors in the company's success in establishing successful partnerships with customers all over the world.. Alpha acquired the Dunlop Industrial Adhesives Division in March 2004; origins of which date back to the early 1950's and include brand names such as 'Thixofix'. This manufacturing site was re-located to Worcestershire and full manufacturing to original formulations was taken over by Alpha. The head office, manufacturing plant, warehouse and R & D laboratory are based centrally in a modern

facility on the outskirts of Stourport-on-Severn, Worcestershire. BSI ISO 9001:2015 Accredited Alpha takes pride in carrying out collaborative research and development to meet specific customer requirements. Alpha products are backed up by experienced in house technical service department. It is through these services together with an extensive product range, that Alpha is able to meet the ever changing needs of its diverse customer base. All ALPHA products are associated with the finest in Adhesive Sealant and coatings technology. If you have an application, we have the technology!

## Ashland Specialties UK Limited

### Address:

Vale Industrial Estate, Kidderminster,  
Worcestershire, DY11 7QU

**Tel:** 01562 821 207

**Email:** samanthahughes@ashland.com

**Year of Formation:** 1964

**Member Type:** Adhesive / Sealant /  
Formulated Product Suppliers

### Principal Trade Names:

Aroset™, Blanose™, Culminal™, Klucel™, Na-  
trosol™, Pliogrip™, PureKote™, PureLam™,  
PureRad™, PureSeal™, Purethane™, PVP/VA  
copolymers, V-Cap™, V-Pyrol™

### Company Profile:

Ashland is a leading producer of high  
performance pressure sensitive adhesives and  
structural adhesives serving the industrial,  
converting, transportation, medical and

construction industries. Aroset adhesives  
are solvent based acrylic pressure sensitive  
adhesives with outstanding clarity, tack peel  
strength and resistance to UV, oxidation and  
heat resistance over a wide temperature range.  
These adhesives are manufactured in the United  
Kingdom as well as the US and are typically used  
in applications such as labels, decals, transfer  
films, mounting foam tapes, vinyl graphics,  
medical and removable. Pliogrip adhesives  
are two-part polyurethane adhesives and are  
used for bonding thermosetting composites,  
including SMC, RTM, FRP, SRIM, pultrusions,  
carbon fibre composites and many others. They  
are specified wherever critical performance  
is required and OEM approved. In addition to  
transportation applications, Pliogrip adhesive  
technology has been specified for aerospace,  
infrastructure, industrial, and aftermarket

repair applications. These products have been  
specified for bonding composite body panel  
assemblies, specialty components, under-the-  
hood and vehicle framing applications. There  
is a Technical Support Laboratory based in the  
UK, which allows a quick response to customers  
needs for custom designed adhesives and  
coater ready products by not only being able  
to make compounding modifications but also  
being able to make changes to the polymer  
during the manufacturing process. The on-going  
research at Ashland allows the development of  
new marketable technologies which address  
customer needs. Ashland's manufacturing  
sites are ISO registered and remain committed  
to safety, quality and to world-class  
manufacturing, customer service and technical.

**Parent Company:** BASF SE

**Year of Formation:** 1865

**Number of UK & Ireland Employees:** <10

**Member Type:** Raw Material Suppliers

### Principal Trade Names:

acResin®, Acrodur®, Acronal®, Butofan,  
Dispex®, Eptal®, Foamaster®, Foamstar®,  
Hydropalat®, Joncryl®, Luphen®, Rheovis®,  
Styrofan®

### Company Profile:

BASF are the world's leading chemical  
company, combining economic success with  
commitment to environmental protection  
and social responsibility. Through science and  
innovation, we enable our customers in nearly  
every industry to meet the current and future

needs of society. Our portfolio ranges from  
chemicals, plastics, performance products and  
crop protection products to oil and gas.  
The range of raw materials offered by BASF for  
Adhesives & Sealants includes aqueous polymer  
dispersions and adhesive additives that have  
been optimized to suit a variety of applications.  
Our products are used especially in packaging,  
transportation, furniture and labels.  
For Pressure Sensitive Adhesives, our Acronal®  
and acResin® products make solutions possible  
in challenging adhesive applications. They are  
used for highly demanding labels, tapes, films  
and other special applications.  
We offer Adhesive Raw Materials for Industrial  
Adhesives in the following fields of application:  
packaging adhesives - especially for peel &  
seal envelope closures and labelling of plastic  
bottles, lamination adhesives - especially for  
glossy film overprint lamination and film/film  
composites, and lamination adhesives for the  
interior car trim, furniture foil and the shoe  
industry. In addition we have some special

products to improve the adhesion of packaging  
adhesives on difficult surfaces.  
Our Construction product range is equally  
versatile. The main applications for our range  
of components are Ceramic tile adhesives,  
Flooring adhesives, Sealants, Flexible roof  
coating, Water proofing membranes, Primers,  
Mortar modification and concrete repair  
systems for example concrete plasticizers.  
BASF use BTC to distribute their portfolio of  
Adhesive Raw Materials in Europe. BTC Europe is  
BASF's pan-European distribution organization  
for small and medium-sized customers. BTC  
offer the full range of BASF products for the  
Adhesives & Sealants industry and are also  
able to offer complimentary products, such  
as Rheovis® Rheology modifiers, Dispex®  
Dispersants, Tinuvin® light stabilisers, Irganox®  
anti-oxidants and the versatile Oppanol® and  
Glissopal® polyisobutenes (PIB.)

Silverseal, Silverseal HSF, S-Line Pillows,  
Stopseal

### Accreditations:

ISO 9001, LEED

### Company Profile:

FSi manufactures and develop a complete range of market leading compartmentation systems (Fire Rated intumescent acrylic sealant, Fire Rated silicone, Graphite sealant, Ablative coating, FR pipe collars, FR Compound, Batts etc...) suitable for applications all over the world.

Alongside this we have a comprehensive range of test data backing up these innovative products. These systems are primarily used to prevent or slow down the passage of elements, such as fire, air, sound, movement and water. We pride ourselves on the high level of testing and technical expertise that has been built up through years of experience within the industry, from site hand to dealing with large Multi-National conglomerates, this

either under our brand or private label. This allows us to supply product both in the UK (BS Regulation) throughout Europe (EN Regulation) and Worldwide (EN and UL Regulation). All of our main products are 3rd party certified. We also offer a complete range of systems which are CE Marked, showing that our quality can be measured. We are here to help and make sure the correct solution is specified correctly the first time to ensure budgets, timescales and required specifications are kept to. Furthermore, alongside our market leading Fire Rated products, we manufacture as well a range of technical sealant (neutral cure silicone, acrylics etc) for application in the construction industry.

[www.fsiltd.com](http://www.fsiltd.com)

## Leading the way in specialty polymers

Synthomer offers a wide range of polymer chemistries including acrylic, styrene acrylic, vinyl acetate co-polymer, styrene butadiene latex and acrylonitrile butadiene latex.

With our PLEXTOL, REVACRYL, EMULTEX, LITEX and SYNTHEBOND range, we cover the most varied applications in the Adhesives and Sealant industry.

The Gorilla Glue Company (USA)

**Year of Formation:** 2014

**Number of UK & Ireland Employees:** 11-100

**Member Type:** Adhesive / Sealant / Formulated Product Suppliers

### Company Profile:

Gorilla Glue Europe is part of The Gorilla Glue Company based in Cincinnati, Ohio. Gorilla as a brand has been available in the UK and Europe for over 10 years, with Gorilla Glue® itself sold in the USA for over two decades. The glue was first discovered being used in Indonesia on teak furniture, but consumers soon found it to be incredibly versatile and demand soared. On a mission to make products that deliver impressive results, the company has since expanded its offerings to include Gorilla Tape®, Gorilla® Super Glue, Gorilla® Grab Adhesive, and

other premium tapes, sealants, and adhesives. At Gorilla, we believe in high-quality products and choose to only put the Gorilla logo on products that meet rigorous development standards.

In addition to great products, we strive to be a great company for our employees. The Gorilla Glue Company is family-owned and operated and prides itself on its family atmosphere and fun-but-serious products. Our employees are our number one asset, and our company is dedicated to providing a healthy work culture centered on family values.

## Henkel Ltd - Consumer Adhesives & Construction

### Address:

Wood Lane End, Hemel Hempstead, Hertfordshire, HP2 4RQ

**Tel:** 01442 278000

**Fax:** 01442 278071

**Email:** technical.services@henkel.co.uk

**Parent Company:** Henkel AG & Co. KGaA

**Year of Formation:** 1971

**Number of UK & Ireland Employees:** <10

**Member Type:** Adhesive / Sealant / Formulated Product Suppliers

### Principal Trade Names:

Copydex, Gloy, Loctite, Nitromors, Pritt, Sellotape, Solvite, UniBond

### Accreditations:

ISO 14001, ISO 9001, OHS 18001

### Company Profile:

Henkel Ltd Consumer Adhesives are the UK & Ireland's leading manufacturer of consumer adhesives, sealants and decorating sundry products; stationery adhesives and self-adhesive tapes. Brands such as Solvite, Pritt, UniBond, Nitromors, Sellotape, Loctite, Copydex and Gloy are all market leaders supplied to consumer and craftsman's markets. Henkel Ltd. Consumer Adhesive products are produced in a purpose built plant in Winsford, Cheshire, which, in terms of manufacturing and logistics, is one of the most sophisticated of its kind in Europe. In-depth technical resources and the advanced production, planning and distribution techniques employed have resulted in a vast range of high quality, high performance

products, and a level of service achieved in partnership with our customers, which is without a doubt second to none. Quality sales and marketing operations, and some of the most memorable advertising this market sector has ever seen, support each of the company's leading brands. Henkel consumer adhesives supplies over 700 different products for both national and international markets.

## INTERTRONICS

### Address:

Station Field Industrial Estate, KIDLINGTON,  
Oxfordshire, OX5 1JD

**Tel:** 01865 842842

**Email:** info@intertronics.co.uk

**Year of Formation:** 1979

**Number of UK & Ireland Employees:** 11-100

**Member Type:** Adhesive / Sealant /

Formulated Product Suppliers

### Accreditations:

ISO 9001

### Company Profile:

INTERTRONICS supplies adhesives, coatings, sealants and equipment to customers with

high technology, high performance assembly applications. Our customers are manufacturers in industries such as electronics, medical devices, plastics, optical, automotive, energy, defence and aerospace.

We specialise in adhesives and adhesive systems, namely bonding, coating, sealing, encapsulating, potting, masking and gasketing products, together with the most appropriate equipment and accessories for surface preparation, mixing, application, dispensing, and curing them. The provision of insightful technical and applications guidance is a cornerstone of our business. We help you find the optimal materials and processes

for the manufacture, assembly or repair of your products, safeguarding and enhancing performance and integrity and, in turn, your profitability and reputation.

Ever since being established in 1979, when our main market was the printed circuit board assembly industry, we have enjoyed a reputation for customer focus, excellent service and post-sales support. We now supply over 3,000 regular customers, including multinational manufacturers, production facilities, specialist design and development businesses, universities, training organisations and government establishments.

**Year of Formation:** TBA

**Number of UK & Ireland Employees:** <10

**Member Type:** Testing/Consultant/  
Equipment/Services

### Accreditations:

FCA

### Company Profile:

Thanks to over 30 years in the business, providing advice for companies in 'high hazard' industries, we have deep knowledge and

expertise of these businesses' insurance needs. Our knowledge and industry insight is fuelled by close working relationships with the leading industry organisations.

We fit insurance to your business rather than trying to fit your business to an insurance product. Every business is unique. At OAMPS, we make it our business to understand yours. We always begin by taking the time to gain an insight into how your business operates and all the risks you may be exposed to. That puts us in the best position to evaluate a wide range of insurance policies from leading insurers then recommend the risk management and insurance plan that best suits you.

We offer a full suite of specialist insurance and risk management products for the

fuel, hazardous haulage, chemical and environmental sectors, including:

- Motor
- Property
- Goods in Transit
- Liability
- Business Interruption
- Personal Accident
- Directors & Officers Liability
- Cyber

OAMPS aims to help clients minimise risk through proactive Risk Management, however should you be unfortunate to be involved in an incident we have specialist services to make sure the process is as painless as possible and your business and reputation is protected.

We believe in technical innovation and take

pride in developing, manufacturing and  
supplying quality, competitively priced adhesive  
products for the paper converting, packaging,  
labels & tape markets. Our people are specialists  
and are committed to producing scientifically  
advanced, cost-effective adhesives that you  
can rely on. We understand that our customers  
want an adhesive that is consistent, clean  
and efficient, which is why we put technical  
development at the heart of all we do. By  
continually investing in the performance of our  
products, and discovering new solutions, we're  
able to provide our clients with robust, industry  
leading adhesives. We are an independent  
business and have been working hard to ensure  
our customers get the best possible level of

customer service at every stage of the process  
for over 60 years. Whether an adhesive need  
can be met by a ready-made product, or the  
issue requires a bespoke solution, our sales  
and technical teams will consult, advise and  
recommend the best adhesive to meet the  
particular requirements.

## Palace Chemicals Ltd

### Address:

Speke Hall Industrial Estate, Speke, Liverpool, Merseyside, L24 1YA

**Tel:** 0151 4866101

**Fax:** 0151 4481982

**Email:** jp@palacechemicals.co.uk

**Year of Formation:** 1978

**Number of UK & Ireland Employees:** 11-100

**Member Type:** Adhesive / Sealant / Formulated Product Suppliers

### Principal Trade Names:

Homemaker, Houseplan, Langlow, Laticrete, Palace

### Accreditations:

ISO 45001, ISO 9001, OHS 18001

### Company Profile:

Palace Chemicals Ltd is a privately owned UK based manufacturer of Building Chemicals & Adhesives and DIY products which includes a comprehensive range of tile and stone adhesives, grouts and surface "after-care" products under two distinctive brands, namely PALACE and LANGLOW whilst also offering a fully supported "private label" service for large nationwide distributors preferring to operate under their own brand. Whilst Tiling products remain the core activity for Palace Chemicals, we were originally established in 1978 as a

manufacturer of a broad range of building chemicals and damp-proofing products and this expertise remains a central part of the company's product range today. The Palace building products range still includes Water-proofing systems, timber treatments, mortar admixtures, general purpose building adhesives and protective surface coatings. Palace acquired Langlow Products in 1995 which is one of the pioneering DIY brands offering a unique and extensive range of DIY solvents, Decorating sundries, wallpaper adhesives, Fillers, sealants and Paint removers all under the LANGLOW brand and designed to suit the needs of the Decorating professional or DIY enthusiast. Palace Chemicals operates to standards accredited by the BSI for the Quality assurance, Environmental Management & Health & Safety Management and remains committed to developing product formulation and manufacturing technology which ensures the range offered is provided at optimum service levels and remains at the leading edge of all applicable performance and quality standards. The PALACE range includes an extensive portfolio of Tile and Stone adhesives, grouts, sealants and surface After-Care products along with floor levellers and building chemicals. The high reputation our products and services

have gained with both the professional and trade users encourages many of our larger customers & distributors to choose Palace as their private label partner. In the DIY sector we offer the LANGLOW brand range of products which is one of the UK's longest established DIY names and offers an extensive range of DIY solvents, Decorating sundries, Wood treatments, Wallpaper adhesives and Paint removers, all packaged and presented to suit the needs of the DIY & Decorating market. Recently Palace has become the UK licensed manufacturer of the Laticrete range of Adhesives; Grouts & Specialist tiling products, which have a global reputation in some of the world's most prestigious and ambitious construction projects where product performance levels are often well in excess of the more established standards and further enhances the range of advanced Technology manufactured by Palace.

## Polyseam Ltd

### Address:

St Andrews Road, Huddersfield, West Yorkshire, HD1 6SB

**Tel:** +44(0)1484 421036

**Fax:** 01484 411911

**Email:** post.uk@polyseam.com

**Parent Company:** Protecta Group AS

**Year of Formation:** 1993

**Number of UK & Ireland Employees:** <10

**Member Type:** Adhesive / Sealant / Formulated Product Suppliers

### Principal Trade Names:

Graft IPT, Protecta

### Accreditations:

ISO 14001, ISO 9001

### Company Profile:

Leading the way since 1993, Polyseam specialise in manufacturing private label high performance fire protection products, adhesives, sealants, fillers and surface finishing products for many well-known global brands.

Our UK and European chemists, engineers and technicians continue to lead the field in research development and manufacture; and our own

market-leading brand is a direct result of their pioneering expertise. Our partnership approach and extensive experience, allows us to work with you to create products that complement your existing brand range, and develop bespoke products that can really differentiate your brand. Polyseam's manufacturing and packing operation is truly flexible, we offer cost-effective solutions for large organisations testing new or potential markets and products. As well as smaller companies requiring modest quantities. Our award of ISO 9001 standard underlines our commitment to optimum quality standards. Our award of ISO 14001 standard highlights environmental management system and multiple aspects of our business procurement, storage, distribution, product development and manufacturing. Our Brands: Protecta, Painthouse and GRAFT. Protecta passive fire protection products continue to raise standards across our industry. You can trust our evidence-based, high performance fire protection products and systems to perform well. We invest in excellence

at every stage of the product lifecycle, from supporting those making crucial decisions about building structures and fit out, to the specialists on the front-line who are responsible for installing our product correctly. Welcome to Painthouse. Healthier to live with, and kinder to the environment, we are a contemporary paint brand with a conscience. Our carefully curated colours are designed to inspire and inject warmth and personality into walls, wood or ceilings. Colours dry in as quick as 30 minutes and leave no lingering new paint smell. Water based, near zero VOC, non-toxic and emission free, easy to clean and wipeable; leaving a smooth, rich and non-reflective matt finish. While our hardwearing acrylic fire-retardant shades are developed and tested to protect against the spread of fire. GRAFT incorporates a range of premium all-purpose sealants, adhesives and fillers, developed with the end user in mind. Designed for the professional, providing the ability to easily and effectively complete the widest range of tasks.

## Structural Adhesives Ltd

**Address:**

The Adhesive Buildings, Units 12-13a Marlow  
Road Industrial Estate, off Marlow Road,  
Leicester, Leicestershire, LE3 2BQ

**Tel:** 0116 2894655

**Fax:** 0116 3190506

**Email:** enquiries@structuraladhesives.co.uk

**Year of Formation:** 1989

**Number of UK & Ireland Employees:** 11-100

**Member Type:** Adhesive / Sealant /  
Formulated Product Suppliers

**Accreditations:**

ISO 9001

**Company Profile:**

Established over 30 years ago in Central  
England, Structural Adhesives Ltd formulates,  
manufactures and delivers high quality  
bonding solutions worldwide. Today the  
company continues to build on its reputation

and adeptness at problem solving in the  
field of adhesive technology, supporting  
and selling its range of adhesive products  
to the particular industries of Aerospace,  
Building and Construction, Engineering and  
Transportation as well as working closely with  
Engineers, Architects and Specifiers. We give  
Industry leading advice concerning substrate  
adhesion and specialist adhesive products and  
application.

Our product range includes epoxy adhesives,  
acrylic adhesives, hybrid polymer adhesives as  
well as specialist paints. We currently produce  
the only known A2-s1d0 adhesive certified for  
use above 18 m that is available in the UK. We  
invest heavily in Research and Development,  
an area of our business we excel in. Our  
experienced Chemists formulate innovative  
products, always working closely in partnership  
with our clients. Our commitment

**Structural Adhesives Ltd**

to sustainability, the environment and always  
seeking better solutions drive our business  
values.

As well as manufacturing our own recognisable  
products, we also toll manufacture for other  
companies, either in the form of 'own-label'  
Structural Adhesives products, or, as a total  
toll manufacture using our client's own  
formulations. We are REACH compliant as well  
as having ISO 9001:2015 certification from WCS.

### Principal Trade Names:

Wallace Hind Selection

### Company Profile:

Wallace Hind Selection is a retained recruitment consultancy providing leading services to

major organisations and SMEs across the UK and Europe. Since our inception in 1992, we have significantly developed our recruitment services to cover a full range of job disciplines and market sectors, sourcing key talent for a diverse range of clients, from owner managed businesses through to some of the UK& Europe's most recognised FTSE 100 Brands. Our approach is structured, rigorous and comprehensive, one that consistently delivers. These approaches include traditional Headhunting, Executive Search and Talent Mapping to bespoke recruitment solutions. Partnering with you, we dedicate time and expertise to gain an in-depth understanding of

your business and your specific needs before undertaking any campaign. This affiliation is a two way process giving you the opportunity to question a recruitment expert about your brief, the most appropriate way to recruit, candidate availability, remuneration and timescales. We approach every campaign with the same values. • 72% of our business is repeat or recommended. • 87% of our business is retained. • Where we are retained, we fill 19 out of every 20 jobs. What we do really does make a difference. Due to the service levels we provide and the success rate of our process, many of our candidates become our clients. We are proud of our business and what we do.

## HOW OAMPS CAN HELP BASA MEMBERS

Having provided advice for companies in 'high hazard' industries for more than 30 years, we have developed extensive knowledge of the risks and hazards these businesses face, and use this expertise to help tailor insurance cover for businesses like yours.

Every business is unique, and at OAMPS, we make it *our* business to understand yours; taking the time to understand how your business operates and all the risks you may be exposed to. Our knowledge and expertise allows us to assess how effective your risk management strategy is, and to offer suggestions where appropriate. Taking the time to get to know your business enables us to truly tailor our proposal to fit your businesses own unique needs, and be able to recommend the risk management and insurance plan that best suits your business.

We offer a full suite of specialist insurance and risk management products for the fuel, hazardous haulage, chemical and environmental sectors, including:

- Motor
- Property
- Goods in Transit
- Liability
- Business Interruption
- Personal Accident
- Directors & Officers Liability
- Cyber

Although our aim is to minimise risk through proactive risk management, should an incident occur, we have specialist services to make sure the process is as painless as possible, your business is protected and your hard earned reputation remains intact through effective early intervention.

### WHO CAN WE HELP?

Companies who manufacture, blend, wholesale, import/export, store and/or haul chemicals across a diverse range of industry sectors.
